

Destination Love

"Tien & Dolsia"

By: Dolsia C. Dunn

NOTE: the girl referred to as "The Sayjin" is my character Dolsia (in one language (I'm Not Shur What) Means "Sweet" (Yeah Right),...

"You are the one" A voice echoed to a Sayjin woman in a strange land.

"What?" the Sayjin asked, "You are the one I've been searching for," The Voice answered "A Ruler. The protector and the destroyer,... Their Protector,"

The Sayjin stared with no expression," What are you talking about?" "The morning shall tell you everything you need to do to know," the voice disappeared.

The Sayjin quickly awoke very startled and scared. She glanced over at her clock and it showed 3:18 am.

"Who was that in my dream, and who would, just, who, and why??" She yelled and grabbed her phone off her nightstand and threw it against the wall.

"Remember the promise of the days I was cared and the fights I've won the violent dream and careless day." The women chanted out of no were.

"Promise? What does that mean?"

"A promise made by some that cared? Or my heart wishing for love?" "I need your help!" a voice in the woman's mind screamed, "Try and remember your true family, your true heritage, who you truly are! You're a Sayjin!" she scolded herself; she turned over on her side and drifted off into sleep again. She awoke the next morning to

find the phone back on the night stand, and a note with a golden locket that had a beautiful red ruby inside it, on the note said,...

“See the locket you have now in your hand (Which strangely she held) open the locket
For explanations about what’s inside you now see come to the nearest lake at 9:00 tonight, I’ll be waiting for you,...”

There was no signature.

“What does this mean? Should I go?” A moment went by as she struggled to reach a decision. She decided to go. She repolished her weapons and got in a good meal before she went, incase there was any danger. Her thoughts wondered back to the dream she had, ... “The Protector, the Destroyer, A Ruler, ...and Their Protector? What dose that mean? I WANT TO KNOW!!!

That night she went down to the lake a few minutes later a three eyed man arrived as the sayjin was about to leave, “Are you the one who called me here?” she asked, “You got asked to come here too?” Then the locket the sayjin had received and the dagger that the man had received began to glow and then the locket flew out of the girls had and the dagger out of the mans the came together and then an oracle like image said,...

“You have been called here because of your friends (faces Tien) and your nearly destroyed race (faces the girl). You need to be, ... Their Protectors, you both need to be the rulers you were born to be, and the destroyers of the evil that will come in seven years you need to learn to trust one another,

and to above all to know one another, no secrets, to be within the same mind. Will you accept this responsibility? (Shakes there heads yes in union) Then you are the hope of earth (as the oracle leaves in the echoes her voice says) May you always be protected, farewell!"
