

# The Wrath of Garlic: Part 1

## Garlic's Return

The Dead zone has opened and exiting the vast portal is the Killer of all the evil Garlic! After escaping the dead zone Garlic calls forth many fiends to help his conquest all with the exact same power level Freiza, Cell, Buu, and Bebi. Garlic also called his son Garlic jr. to be his successor.

It was a sunny day outside Capsule Corp. Trunks was working on a new pod for sound breaking speed, suddenly something else caught his attention a shower, of crimson.

In Siberia a warrior trained for new hardships with his emperor companion "Tien! I'm tired I can't go on" Choutzu complained.

"Ok, you stop and I'll go alone, I'm tired of being weak, next time I'm needed I will rise to the occasion" Tien replied angrily "Tien?"

A blinding white light surrounded Tien's body as he powered up "aaaaahhhhhhhh" Tien's muscles doubled in size, "My gosh Tien!" Choutzu said in fear looking in the sky. Tien gazed also, it was raining, raining blood. All the Z warriors saw it but what was most terrifying was what happened when the storm settled in a mist of red clouds sat a black castle in the sky "Heh heh heh father it has begun!" said the sinicacle Garlic jr. "Yes and here they come" replied Garlic who was pointing toward a figure in the sky.

He landed and walked casually toward Garlic when he saw Freiza and Cell, "What is this!" demanded Vegeta "how did you?"

With no hesitation Buu came out of nowhere and kicked the Saiyan prince across the castle. Buu ran towards Vegeta when he landed, and jumped in the air, planting both knees in his back, Vegeta screamed out in agony as his spine cracked and he became paralyzed from the neck "No, father!" screamed Trunks as he arrived at Garlic's keep Bebi quickly went after him as the two fighters began to exchange blows, one after another the Z fighters arrived Krillin, Goku, Yamcha, Gohan, Piccolo and Goten. Choutzu and Tien were nowhere to be found.

Well into the fight Goku was fighting Freiza, Trunks was trying to get Vegeta away from Buu, Piccolo and Gohan was fighting Cell and Yamcha and Goten was fighting Bebi, all of this humored Garlic jr. as he laughed out loud. Freiza had beaten Goku very badly and was about to finish him off when in a flash a figure tackled Freiza into a column, it was Tien "Thanks Tien," said the crippled Goku "He almost got me" "Don't mention it" Tien replied as he began to assault Freiza his fist clashed the lizard's face and then kned Freiza in the stomach. Freiza fell down in pain or so it seemed he backflipped and kicked Tien across the castle right in to Trunks who carried Vegeta on his shoulders. Trunks fell and dropped Vegeta, were Buu shot a thin beam piercing the Saiyan prince's heart "Nooooooooo!" screamed Trunks as he went Super Saiyan 2 he charged Buu and they went clear of the castle and landed outside capsule Corp were Buu and Trunks were throwing

punch after punch and kick after kick, Buu shot Trunks into Capsule corp's garage where he knelt over the downed Saiyan, picked up his head with one hand, and began to punch it with the other several times till Trunks was unconscious his forehead flowing with blood. Buu opened the pod that Trunks was working on earlier and put him in it, afterwards he launched it from outside into space then began to gather energy to blow up the pod. All of a sudden Tien came and kicked Buu clear away and flew speedily after him, leaving Trunks to drift in space. Finally after hours of fighting Tien killed Buu and went back to the castle to find all of his friends dead. "What! he killed Buu! that's impossible!" screamed Garlic as he powered up surpassing anything anyone had seen before blowing Tien clear off the castle and leaving him unconscious in the north pole hidden from Garlic. Tien hid for 2 years training secretly and getting stronger. While Trunks was also on an adventure to find a friend.
